In many cases the railways in
Canada have been built in
advance of settlement, and in a
short time there will not be a
settler who need be more than
ten or twelve miles from a line

regulated by Government Com-

The men who have achieved suc-
cess are the men who have worked,
read, thought more than was abso-
lutely necessary, who have not been
content with knowledge sufficient for
the present need, but who have
sought additional knowledge and
stored it away for the emergency re-
serve. It is the superfluous labor that
equips a man for everything that
counts in life.Municipal Golf Courses in England.
The parks committee of the Bir-
mingham city council is considering
the establishment of a municipal golf
course, the proposed site being at
Castle Bromwich.Edinburgh, with six public courses,
claims to have been the pioneer of
municipal golf. London has public
courses; Nottingham has two courses
and Manchester has had one since
1911. Sunderland and Liverpool have
similar schemes under consideration.
Several seaside resorts include mu-

Without Overloading The Stomach.The business man, especially, needs
food in the morning that will not over-
load the stomach, but give mental
vigor for the day.Much depends on the start a man
gets each day, as to how he may ex-
pect to accomplish the work on hand.He can't be alert, with a heavy,
fried-meat-and-potatoes breakfast re-
quiring a lot of vital energy in di-
gesting it.A Calif. business man tried to find
some food combination that would not
overload the stomach in the morning,
but that would produce energy.He writes:
"For years I was unable to find a
breakfast food that had nutrition
enough to sustain a business man with-
out overloading his stomach, causing
indigestion and kindred ailments.""Being a very busy and also a very
nervous man, I decided to give up
breakfast altogether. But luckily I
was induced to try Grape-Nuts.""Since that morning I have been a

BUCKEYE STATEMeasures Passed by Both
Houses of Legislature.

APPROVED BY GOVERNOR

Acts Introduced in General Assembly
Debated, Put Through and Then
Signed by the Chief Exec-
utive of Ohio.(When not appropriation measure or
marked "Emergency" they wait 90
days before becoming operative.)Columbus.—Following is a summary
of the bills passed by the present
general assembly and signed by Gov.
Cox up to date:Amended H. B. 69—Black of Wyandotte county—The anti-lobby bill.
Compels persons lobbying for or
against legislation to register with
secretary of state, stating what inter-
est they represent and what legisla-
tion they are working for or against.
Pay a registration fee of \$3 and se-
cure identification card. Persons in-
vited by a committee to appear before
it need not be registered. Both fine
and penitentiary imprisonment are
provided for violation. "Emergency."H. B. 69—Cowan of Putnam—First
partial appropriation bill. Carries
\$65,000, \$50,000 of which is for salaries
for judges.H. B. 173—Black of Hamilton—Pro-
vides for legislative reference depart-
ment to study laws of other states and
nations and to aid Ohio assemblymen
and other state officials through the
knowledge gained. The director of
the department (S. Gale Lowrie)
named by state library commissioners
with approval of governors. Bill ap-
propriates \$10,000 for salaries and ex-
penses. "Emergency."H. B. 55—Bonnell of Guernsey—Al-
lows the board of education of Jeffer-
son township, Guernsey county, to
pay \$50 to Laura McNeel for services
as school teacher in 1911. Present
law did not give technical authority
to pay the claim, although it was just.H. B. 139—Cowan of Putnam—Ap-
propriation bill carrying among other
things \$2,485,000 for the common
schools. Carries also \$325,000 to pay
interest on the irreducible debt, which
constitutes the school, ministerial,
indemnity fund, Ohio university and
State university funds, falling due Jan.
1, 1913. Carries \$62,500 each for Mi-
ami and Ohio universities, \$400,000 for
Ohio state; \$25,000 for Wilberforce,
and \$37,500 each for Ohio Normal
school and Miami Normal. Total car-
ried is \$3,435,000.H. B. 73—Young of Cuyahoga—Pro-
vides that after expiration in 1915 of
present term of clerk of supreme
court, that office shall be filled by ap-
pointment on the part of the supreme
court judges, instead of election. This
is the first of the so-called "short bal-
lot" bills.S. B. 8—Friebolin of Cuyahoga—Al-
lows verdicts in civil cases in common
pleas court to be returned by nine
jurymen. This is authorized by new
constitution. Under old constitution
and laws, every verdict had to be by
unanimous vote of jury.S. B. 71—Friebolin of Cuyahoga—
Same as S. B. 8 except that it applies
to municipal courts.S. B. 72—Friebolin of Cuyahoga—
Same as S. B. 8 except that it applies
to justices' courts.H. B. 240—Cowan of Putnam—
Emergency appropriation bill. Car-
ries approximately \$210,000 to pay de-
ficiencies authorized by the state
emergency board, which granted vari-
ous state departments the right to
borrow money during the interval be-
tween the adjournment of the 79th
assembly and the beginning of the
present assembly. This measure was
hotly attacked in the senate on ground
of extravagance on part of emergency
board, but the money had been spent
and had to be paid.H. B. 75—Young of Cuyahoga—This
seeks to prepare the way for the pro-
posed short ballot by dropping out of
the present law the names of vari-
ous state and local positions whose
places are filled by election in Novem-
ber. The measure merely avoids the
mention of the names of elected offi-
cials, so that if these officials should
in future be appointed, there would be
no conflict of the laws.H. B. 74—Young of Cuyahoga—Pro-
vides for the appointment by the gov-
ernor of the state dairy and food com-
missioner when the term of the present
incumbent expires in 1915. Of-
fice is now filled by election. This is
another "short ballot" law.H. B. 81—Bigelow of Hamilton—
This pays the newspapers that adver-
tised the work of the constitutional
convention. Carries a total of \$62,
\$81.71.H. B. 103—Brennan of Cuyahoga—
Provides that all election polls shall
close at 5:30. At present township
polls close at 6 and city polls at 5:30,
owing to slip in the law.H. B. 154—Brennan of Cuyahoga—
Provides that November election days
shall be considered as holidays from
noon until close of polls. Object is to
have industrial plants and factories
close to allow workmen better chance
to vote.S. B. 33—Green of Coshocton—Al-
lows use of acetylene gas lamps in
mines.S. B. 38—Haas of Delaware—Raises
from 60 to 70 years the age limit of
persons that may be taken into frat-
ernal insurance societies.S. B. 76—Gregory of Hamilton—
Seeks to prevent the voter from cast-

SENATOR GREEN.

Senator William Green is the au-
thor of the workmen's compensation
measure, passed by both houses of
the assembly and now awaiting Gov.
Cox's signature. Synopsis of this bill
will be given as soon as signed by
the governor.ing a "mixed" ballot for presidential
electors, and to compel him to vote
solidly for the whole list of presiden-
tial electors of one party or the other.
Provides that no blank space shall be
left, as now, beside each elector. The
theory of this law is that the voter
really wants to vote for the presiden-
tial candidate, anyhow, instead of the
electors, and that when he attempts
to vote for some electors of one party
and some of another, he confuses his
intention and often loses his vote.S. B. 44—Bernstein of Cuyahoga—
Seeks to hurry the news of election by
providing that election officers must
prepare unofficial count for transmis-
sion to secretary of state within 24
hours after each election.S. B. 53—Bernstein of Cuyahoga—
In cases where two or more persons
are to be elected to an office, and sev-
eral candidates are on the ballot, this
bill allows the election board to place
above the list of names the words
"Vote for not more than—"S. B. 57—Moore of Jefferson—Re-
duces the number of bulletins issued
by the state geological survey.S. B. 82—Allows a duplicate war-
rant on the state treasury for \$270 to
be issued to J. P. Brennan. The old
warrant is lost or destroyed.S. B. 83—Wiesser of Putnam—Pro-
vides that sentences, except life sen-
tences to the penitentiary, shall be
indeterminate; that the person con-
victed shall serve the minimum of the
period that the law provides for his
crime, but that the duration of his
term thereafter shall be determined
by the state board of administration.H. B. 104—Fellinger of Cuyahoga—
Provides for the punishment of per-
sons who cause misleading or decep-
tive advertisements to be published
or disseminated. Does not put the
responsibility upon newspapers for false
ads contained in them, but on the ad-
vertiser himself. It does not punish
a person making false statements
about another's goods, but only per-
sons making false statements regard-
ing goods which they are offering to
the public. The bill is intended to
supplement existing legislation, so as
to make it less difficult to punish
those who ensnare the public through
fake medical ads, fraudulent stock
propositions, fly-by-night real estate
schemes, fake bankruptcy sales, etc.,
and makes possible the punishment
of the crooked advertiser before he
defrauds the public instead of after,
and without bringing the defrauded
person who because of ignorance gen-
erally does not know his rights, and
in any event is hard to find, into
court.H. B. 381—Partial appropriation bill
—Carries appropriations urgently
needed to run state departments. Sal-
aries of assemblymen and other state
officers are included. Total amount
carried is approximately \$2,250,000.H. B. 319—Black of Hamilton—
"Cures" alleged defects in one per-
cent tax law. This law recently was
held by the supreme court not to in-
clude within its limits levies for in-
terest on public debts and sinking
fund. H. B. 319 makes express pro-
vision for their inclusion.S. B. 75—Mr. Gregory of Hamilton—
This bill provides that the adminis-
tration ticket shall be printed on a
separate ballot. The purpose is to
further separate national from local
issues.H. B. 79—Mr. McCormick of Gallia
—This provides that in the event of
the death of a pauper in a state in-
stitution the state administration
board shall pay burying expenses and
send the bill to the commissioners of
the county from which the pauper was
sent.

AUTO TAX ENRICHES STATE

Net Receipts Covering Two Years
and Two Months Aggregate \$642,-
975.25, Breaking All Records.Columbus, O.—The total net re-
ceipts of the automobile department
during the administration of Sec-
retary of State Graves up to March 1,
covering two years and two months,
aggregate \$642,975.25, breaking all
previous records.The net receipts in 1911 were \$190,-
712.29 and in 1912 they were \$275,-
980.96. In January of this year the
receipts were the largest for any
month in the history of the depart-
ment, amounting to \$153,034.17. In
February they were \$23,247.89.

ERUPTION LIKE PIMPLES

Wathena, Kan.—"My child's scalp
trouble became so bad that I was
ashamed to have anyone see him. His
head had a solid scab on it. He also
had a terrible breaking out on his face
which was gradually growing worse.
The eruption was like pimples which
developed into sores when he scratch-
ed, which he did almost constantly.
Baby would almost scratch himself
raw.""I had used several different kinds
of salve, none of them helping in the
least bit, when I saw the Cuticura ad-
vertisement in the paper and it made
me think of the good results my sister
had when she used it for her children.
I had only used Cuticura Soap and
Ointment about two weeks before I
noticed that the sores were almost en-
tirely gone, and it must have been a
month or six weeks he was troubled
before I began the treatment. He
would get easy when I would put the
Cuticura Ointment on him. Cuticura
Soap and Ointment completely cured
him and he has a clear complexion
now." (Signed) Mrs. W. H. Hughes,

Italy's Fight Against Malaria.

Reports from American consular of-
ficers in Genoa and Leghorn, prepared
in response to inquiries from the United
States as to the market in Italy for
a remedy for malaria, show that the
prevalence of malaria in that king-
dom has steadily declined in recent
years, mainly due, it is stated, to the
energetic measures of the Italian gov-
ernment. Quinine prepared at the
State Military Pharmacy at Turin is
sold by Consul General James A.
Smith to be on sale at all government
tobacco shops at four cents a gram and
is distributed gratis to poor patients.Consul Frank Deedmeier writes that
in 1911 the number of deaths in Italy
caused by malaria was estimated at
3,500 in a total population of over
33,000,000.—Daily Consular and Trade
Reports.

Charity Without Pauperism.

A great defect of many charitable
schemes is their tendency to pauper-
ize the beneficiaries. This is over-
come by one of the methods adopted
by the Robert Browning settlement at
Vealworth, which supplies boots to
poor children. The footwear is hand-
ed over in return for the payment by
the parents of a small weekly "rent"
until the retail price has been covered.
After the final payment the boots
still remain the property of the settle-
ment, without whose permission they
can neither be sold nor pawned.—
